

Happy Allied POWs Ride Red Trucks To Freedom In Korea

PANMUNJOM (AP)—Four hundred happy Allied war captives rode Russian trucks down the dirt road from North Korea to freedom today.

The massive, five-week Korean War prisoner exchange was on 12,763 U. N. troops, including 3,313 Americans, for 74,000 Reds.

The Communists said 392 more prisoners, including 70 Americans, will be liberated Thursday (6 p. m. CST, Wednesday).

Officers Sentenced

Seventy Americans came out of the bleak Communist prison camps in the first day's exchange, many with laughs and shouts, all with heartfelt thanksgiving to be home-ward bound.

For them and 330 other former Allied captives the Korean War had finally ended, nine days after firing stopped at the front on July 27.

However, the first American officer released, Maj. John Dajug of Richmond, Calif., told newsmen the Reds had sentenced some U. S. officer captives to long prison terms only two days ago for "instigating against peace."

That was seven days after the armistice.

In Washington, Pentagon and State Department spokesmen declined comment.

Chinese Rip Uniforms

The 400 Allied troops released included 250 South Koreans, 26 British, 23 Turks, 12 Filipinos, 7 Colombians, 7 French and 1 each from Greece, Australia, Canada, Belgium and South Africa besides the 70 Americans.

The Allies sent back 2,760 Chinese and North Koreans.

Seventy more Americans—42 of them sick and wounded—will be included with 250 Koreans and 72 other Allied personnel in the second day's exchange.

The Reds who went north in the first day's exchange erupted at the last minute in defiance of the Allies. Many ripped and ruined their new American-provided uniforms, snarled and cursed American officers and flashed anger. The display obviously was aimed at propaganda for the Red newsmen and photographers who stood nearby.

In contrast, the Allied troops showed what they shouted—"Glad to be here!"

Russia Set For Big 4 Session But Picks Her Own Discussion Topics

MOSCOW (AP)—The Soviet Union announced today it is ready for a Big Four meeting on Germany but differed with the West on what should be discussed.

In identical notes to the United States, Britain and France, the Russians also renewed their long-standing proposal for a big power parley—including Communist China—on other problems threatening world peace.

Austrian Treaty Sought

The three Western ministers, after their Washington meeting, had proposed July 15 that Soviet Foreign Minister V. M. Molotov meet with them to discuss an Austrian independence treaty and, for Germany, "the organization of free elections and the establishment of a free all-German government."

The Soviet reply Tuesday to the three Western embassies, counter-proposed that the foreign ministers discuss:

1. "Measures to decrease tension in international relations."
2. "The German problem including the problem of re-establishment of German unity and the conclusion of a peace treaty."

The Soviets said they had voiced their attitude on Austria in a note July 30 to the Western Powers, in which they asked the West to drop the "short form" treaty it

has proposed and return to negotiations on the detailed draft long under discussion by deputy foreign ministers.

Red China Rung In

(In Washington, State Department officials said the Soviet note was under study. These officials said they welcomed the Russian acceptance but that some of the conditions laid down by the Russians might be unacceptable to the West. They expressed particular concern over the suggestion that Red China be brought into future talks.)

Proposing a separate and wider conference of foreign ministers to seek a lessening of international tension, the Russian note said Asia also should be discussed and "the participation of the Chinese People's Republic is essential."

State Agriculture Director Figy Told To Resign, Refuses

LANSING (AP)—A hot battle between State Agriculture Director Charles Figy and the Michigan Agriculture Commission was continuing in the open today.

It began at Benton Harbor Monday when the commission asked Figy to resign and he refused.

Another chapter may be written Sept. 4 at Detroit when the commission holds its next meeting. Three of the five members reportedly favored ousting Figy, who has held the \$10,000-a-year job for 11 years.

Figy, questioned at his office here Tuesday, said he "certainly will not resign until someone submits some reason."

Commissioner William A. Anderson of Benton Harbor said, however, that the commission "had good reasons for asking for the Figy resignation," and would discuss them at the September session.

"We have been hinting to Figy for some time that he should resign," Anderson added, "but he has ignored these hints. This time we mean business."

Commission Chairman George McIntyre of Millington reported three members favored asking Figy's resignation. It also was learned that the governor's office would favor a new director of agriculture.

Figy said that under Michigan law the commission may hire any director it pleases.

He was hired for one-year terms until six years ago, when he was named director for an indefinite period.

French Pinch Eased

PARIS (AP)—Premier Joseph Laniel told France Tuesday night her government's financial situation is a little easier. Laniel, making his first important speech since he took the premiership six weeks ago, in a broadcast lambasted special business interests in the country, implying that they had prevented the nation from attaining economic health.

Freight Car Helps Smash Up 10 Autos

CHICAGO (AP)—The autos banged together like 10 pins. It started when a moving Milwaukee road freight car Tuesday snagged an auto being driven beside the tracks by Harley Stevens, 24.

Stevens' car, dragged along by the train, crashed into the first of a line of cars parked near the rail line. The first car banged the next and so on down the line until 10 cars were banged up. Police estimated the damage at \$3,000.

Dulles And Rhee Agree on Agenda For Peace Talks

SEOUL (AP)—U. S. Secretary of State Dulles and President Syngman Rhee reached quick agreement today on ground they will cover in four days of vital talks. They reportedly decided to seek an international post-armistice Far Eastern political conference between Oct. 1 and 15.

When the U. N. Assembly reconvenes Aug. 17, it is to arrange details of the international conference which, by terms of the Korean armistice, must start by Oct. 27.

Unity Proposal Next

A qualified source said Dulles and Rhee agreed that Korean questions left unsettled by the war should rate primary attention at the conference.

Emerging from the 1 hour and 50 minute meeting with Rhee, Dulles told newsmen he relayed an oral message from President Eisenhower and the session "went very well. We had a good preliminary talk and agreed on topics to be discussed."

The source said Rhee and Dulles probably put off until their next meeting at 10 a. m. Thursday (9 p. m. Wednesday, CST) the controversial question of unifying Korea.

Treaty Drawn Up

Rhee wants to resume the war if the political conference makes no headway on this question and the United States has promised to walk out of the conference after 90 days if the Communists persist in stalling on unification.

The source said also it was "very possible" Dulles and Rhee would sign or initial a proposed Korean-American security treaty during the present meeting. Dulles' aides later went into session with South Korean officials to compare drafts of the treaty drawn up by the two nations.

Ionian Escaper Gets Extra Three Years For Station Burglary

IONIA (AP)—A break-in at a gasoline station in nearby Saranac will cost Dale Line, 26, of Evart an extra three years in prison.

Line was sentenced Tuesday by Circuit Judge Morris K. Davis after he pleaded guilty to breaking into the station Feb. 3 after walking away from the Michigan Reformatory where he was a trusty.

Line also admitted taking four pistols, ammunition and cash from the station. The pistols were found by reformatory guards later when they conducted a search to thwart a rumored escape plot.

Munising Felons Await Sentence

GRAND RAPIDS (AP)—Federal Judge Raymond W. Starr deferred sentencing until Aug. 17 of two men who pleaded guilty Tuesday to driving two stolen cars across state lines and breaking into a Munising bank.

John A. Stevens, 32, of Dearborn, and Dan T. Deyewy, 25, Detroit, were charged with stealing a car in Munising June 29 and abandoning it after driving to Oshkosh, Wis. A second indictment accused the pair of driving a stolen Detroit car on a five-state trip.

The two men were also charged with breaking into the People's State Bank at Munising July 24. However, the FBI reported nothing was stolen.

They were arrested at Escanaba July 29.

First Americans Liberated From Prison Camp Horror

Hunger Blockade Halts Food Rush Of East Germans

BERLIN (AP)—The Communist hunger blockade and a rash of terror trials sharply cut the rush today of East Germans and East Berliners to receive free American food parcels in West Berlin.

Despite police threats and rain, hundreds of people from Soviet East Berlin still came over for aid as the giveaway swung into its 10th day and toward the million-and-a-half parcel mark.

"Traitors" Denounced

But the 18 million Germans in the rest of the Russian occupation zone were barred by a virtually airtight blockade on rail travel to Berlin imposed last weekend. Protest demonstrations against the travel ban were put down by German Communist police.

Attorney Tells How Democrats Got His \$30,000

WASHINGTON (AP)—House investigators were momentarily stumped today by a lawyer's bland testimony that he raised \$30,000 for the Democratic party in 1948 through a fee paid him for helping a businessman win a favorable tax ruling.

Welburn S. Mayock of Washington, D. C., described himself as "volunteer" counsel for the Democratic National Committee during former President Truman's 1948 campaign.

Mayock said the \$30,000 came from a \$65,000 fee paid after he appealed to an "old friend"—then Secretary of the Treasury John Snyder—and Snyder interceded in the tax case with Revenue Bureau officials.

The graying witness assured investigators he did not think his clients misunderstood his role.

"I knew, and I think they knew as reasonable men, that they were trying to purchase my services as a political figure rather than my skill as a lawyer," he testified.

Mayock said he funneled the \$30,000 to the Democratic National Committee through "fake contributors" to sidestep the Political Campaign Practices Law, which sets a \$5,000 limit on individual contributions. But he flatly refused to name who he said "strutted as big contributors to the party."

Sudeten Czechs Fear Germans

BERLIN (AP)—A young Sudeten German refugee said today that the June 17 East German revolt "didn't inspire the Czechoslovaks to rebel against their old Communist masters."

Instead, according to the 24-year-old refugee, "it scared the hell out of them because they thought it meant the Germans were uniting and would return to grab again the Sudetenland."

The young man, who for his own safety can be called only Helmut, fled from Prague to free West Berlin by pedaling his bicycle for six days across 400 miles of Red-ruled territory.

"The Czechs hate their own Communist rulers, but they fear the Germans more," said the young man.

Helmut arrived in West Berlin two weeks ago, exhausted from strain and hunger. Since then he has been questioned by American intelligence agents.

Junket Season Gets Under Way For Lawmakers

WASHINGTON (AP)—The congressional junket season is under way and before it ends next January the American congressman probably will be a familiar figure from the Congo to California.

Probably the most ambitious travels of this year have been charted by the House Agriculture Committee and the Senate Foreign Relations and House Foreign Affairs committees.

Farm Pulse Taken

The House Agriculture members already are rolling around the country on an arduous bus jaunt that will take them into practically every farm area between now and winter.

They are after first-hand information from the grass roots level preparatory to writing new farm support price laws next year.

House Foreign Affairs members will be in the Far East, Near East, South America and Europe before snow flies. Their Senate colleagues have tentatively agreed on travels to Latin America, the Far East and the Middle East.

The Senate House Atomic Energy Committee has tickets for the Belgian Congo to look over uranium mines.

Alaska Included

Asia and the Far East will see a House armed forces subcommittee, while two other subcommittees are pointing at Europe.

House and Senate public works groups probably will cover large parts of the United States and Alaska, as will the Interior Affairs Committee.

Alaskan statehood was one reason for travels that way. Members of the House Appropriations Committee plan to travel through Asia and Europe to see how our money is being spent abroad.

Two House government operations committees plan to go to Korea to check up on handling of war surplus and Korean rehabilitation.

Flaming U.S. Bomber Plunges In Atlantic; 23 Men Jump In Sea

LONDON (AP)—A big 10-engine U. S. Air Force bomber blazing like a meteor plunged into the North Atlantic early today and its 23 men jumped into the icy waves.

Fourteen hours after the RB36 reconnaissance plane went down a British ship, the Manchester Shipper, radioed she had picked up one survivor and recovered one body, 420 miles west of Prestwick, Scotland.

Search planes sighted two masses of wreckage 285 miles apart. Ships rushed to both places.

One circling rescue plane radioed that it had spotted a raft with five men aboard. Four of the men waved but the fifth seemed to be motionless on the wildly tossing raft.

Searchers Drop Boat

Twenty-three men jumped into

the Atlantic from the downed plane.

As soon as the wreckage was spotted the searching plane dropped a boat and radioed other aircraft in the area. A second RB29 soon appeared and also dropped a boat.

Other American and British aircraft engaged in the search halted their rectangular flying patterns and began flying in wide circles around the area to determine if any men had drifted away. At least three ships were reported within 150 miles.

Waves 10 Feet High

The reports received here indicated that the men parachuted from the bomber, world's largest plane in regular operation, at 2,400 feet. It was thought, however, that some might have stayed aboard an tried to ditch the aircraft in the waves, running as high as 10 feet.

Twenty-one American and British military planes from Britain and France roared off runways and headed for the scene. Others were alerted to be ready to join the search.

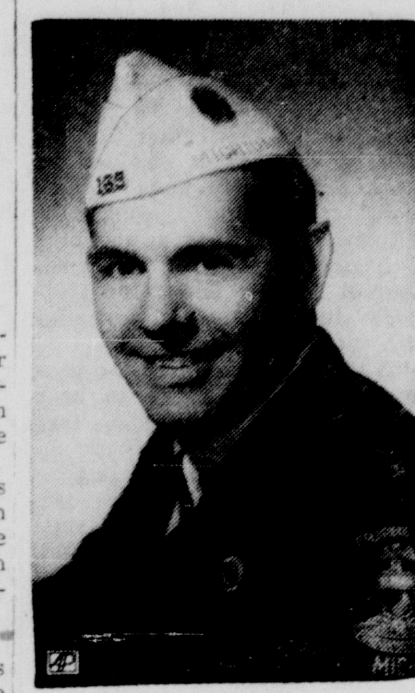

Five ships, including the U. S. Navy oiler Waccamaw and the British frigate Tenacious, headed toward the area 300 miles west of Northern Ireland.

Sing Sing Prison Executioner Quits; \$150 Fee Too Low

OSSINING, N. Y. (AP)—G. P. Francell, 57, who pulled the electric chair switch on atom spies Julius and Ethel Rosenberg last June 19, has resigned as Sing Sing prison executioner.

Prison attendants say reported threats against his life and dissatisfaction with the standard fee of \$150 per execution led him to quit.

Francell, whose resignation was announced Tuesday, has executed 137 persons in his 14 years at Sing Sing. He also has carried out about 100 electrocutions in New Jersey, Connecticut, Massachusetts and Pennsylvania.

Stratojets Make 4,450-Mile Hop

MACDILL AFB TAMPA, Fla. (AP)—Two Air Force B47s flew non-stop from England to Florida and Georgia Tuesday in a dramatic demonstration of the tremendous range of the world's fastest nuclear bomber.

They were the longest known point-to-point flights by jet bombers, and the longest jet transatlantic hops.

One B47 flew 4,450 miles from Fairford, England, to Tampa in 9 hours and 53 minutes.

The other Stratojet also was scheduled to fly directly to Tampa, but because of a fuel shortage put down instead at Hunter AFB, Savannah, Ga., after a flight of 9 hours, 26½ minutes from Fairford. Its average speed from the 4,151 miles from 440 miles an hour.

Both planes also set new speed marks in flying to England last week.

Soldier Says He Killed 3 In Japan

OKLAHOMA CITY (AP)—Oklahoma County Sheriff Bob Turner said today a former soldier has signed a statement that he killed three persons in Japan while serving there.

Turner said Ralph Donald Mullins, 21, who has been held in the county jail since July 18 on an armed robbery charge, admitted the slayings.

Turner said he was skeptical of the story but Mullins voluntarily made the statement to "clear the murders from his mind." He said he had been having nightmares and seeing the dead men in his sleep.

Turner and two deputies questioned Mullins for three hours and he failed to change his story.

The Federal Bureau of Investigation and military authorities are being asked to check Mullins' story.

Mullins said the slayings took place while he served with the 1st Cavalry Division in Omiya, Japan, in 1949 after he became mixed up in a narcotics running racket.

Legless Groceryman Stabbed By Gunmen

CASSOPOLIS (AP)—Police manned roadblocks today in the hunt for two gunmen who stabbed a legless grocery store owner at Indiana Lake Tuesday and shot at his wife.

The pair fled in a two-tone green car with \$200 taken from the store. Lyle Jennings, confined in a wheel chair due to the loss of both legs below the knees, was stabbed by one of the men when he attempted to thwart the robbery with his cane. His condition was not listed as serious.

Jennings' wife, Ethel, rushed to his aid and a bullet fired by the second bandit grazed her ear.

Police said the bandits also took a .22 calibre revolver from the middle-aged couple.

Farmers Kill Reds

HONG KONG (AP)—The pro-Nationalist newspaper Sing Tao Jih Pao said today angry farmers killed or wounded more than 100 Communist soldiers last week in an uprising over an order to plant rubber trees in rice fields on Hainan, Red China's largest island off Indochina.

Few Tales Told About Torture By Communists

By ROBERT EUNSON
and WILLIAM J. WAUGH
FREEDOM VILLAGE, Korea (AP)—Seventy Americans, the horror and boredom of Communist prison camps behind them, savored their first taste of freedom today.

Eight of the men, strapped tightly to stretchers, were flown here aboard four helicopters from Panmunjom where they were freed.

There were few tales of torture, death and maiming on the lips of the liberated prisoners who appeared happy but bewildered.

Censor Interrupts

Some interviews were conducted with frequent interruptions from censors and the men obviously had been told there were only certain subjects they could discuss.

"The War Department caught hell after some of the stories the sick and wounded told when they got out last April," one officer said in referring to the exchange of sick and wounded prisoners last spring.

One prisoner said he was captured because a South Korean division collapsed on the flank of his U. S. division. The censor and an interview officer quickly interrupted.

"You cannot write that!" The censor was told by one reporter that he wrote the story when it happened more than two years ago.

Many Starve

The same censor refused to allow the ex-prisoner to discuss deaths of Allied captives on a mid-winter march from Seoul north to the Yalu River "except those deaths you actually saw yourself."

The first two litter patients were Cpl. Richard M. Davis of Booneville, Ark., a 2nd Division infantryman, and Sgt. James Davis, 25, Mullin, S. C. Both had spent more than two years as prisoners of the Communists.

James Davis said many of his friends starved to death in the early months of 1951. He described treatment in Red camps as "pretty tough."

Richard Davis said "there's not many men left" of those captured with him.

A convoy of 10 ambulances brought other liberated prisoners here from Panmunjom.

All were greeted by welcoming

Lung Diseases Hit UN Captives

FREEDOM VILLAGE, Korea (AP)—The head of the hospital at Freedom Village reported today doctors found a high percentage of tuberculosis and other lung diseases among returned U. N. prisoners of war and said, "I am not sure they will all recover."

But Col. Fred W. Seymour stressed that in the past "we have pulled some of them right out of the grave."

Seymour said over 30 men had "active pulmonary lesions" of the first 60 U. S. and other U. N. repatriates who entered the evacuation hospital today.

Seymour gave no breakdown on nationalities, but said the bulk were Americans.

Seymour told newsmen "the first group we received was at least as sick as any in Operation Little Switch," the exchange of disabled captives three months ago.

He said the "vast majority" of the men received at his hospital today will be flown to Tokyo instead of taking the boat trip home from Inchon.

Bingo Deadline:

Games In Delta County Outlawed On August 17

Already on its way out as many sponsoring organizations voluntarily comply with state law, bingo games will cease entirely on and after August 17 in Delta County, the deadline for enforcement set by county law officers in meeting yesterday at the Court House in Escanaba.

Letters informing local organizations of the policy on bingo and games of chance are being sent to about 25 groups and individuals by Prosecuting Attorney Nicholas P. Chapek.

The prosecutor said that a number of scheduled bingo games in the county have already been cancelled as the organizations voluntarily comply with the law. Enforcement officers meeting with the prosecutor yesterday said they believe there will be cooperation throughout the county.

Games Are Illegal

Attending yesterday's meeting were Prosecutor Chapek, Sheriff William E. Miron, Sgt. Edward Goldsworthy of the Michigan State

Police, Safety Director Glen S. Leonard of Escanaba, and Police Chief Torval Kallerson of Gladstone.

"The Attorney General of Michigan has sent notice that our Michigan gambling laws must be strictly enforced," the prosecutor said in the letter to be sent to organizations sponsoring bingo.

"The Supreme Court of Michigan has ruled that it is illegal, whether it is for charity or otherwise. The law is that persons and organizations that operate bingo as well as participants in the games are in violation."

Deadline Is Aug. 17

Whatever the personal feelings of the law enforcement officers concerning charity bingo, it is not a matter of choice on the part of the officer as to whether the law shall be enforced, it was pointed out. "Enforcement must be uniform," the prosecutor said.

August 17 was set as the date to begin enforcement by agreement in conference yesterday with the prosecutor.

"It is suggested that if the people of Michigan desire to have charity bingo legalized, they should proceed at once to take action through their elected legislators in Lansing or by their own referendum to amend our state constitution," said the prosecutor. The prosecutor's suggestion is similar to the conclusion reached by Michigan prosecuting attorneys in their recent conference at Mackinac Island.

Affects Theater, Fair

Most of the organized bingo playing in Delta County is sponsored by veterans' organizations and some of the churches. Bingo was not played last year at the U. P. State Fair. This year there will be no raffles, drawings, lotteries, wheels, or any other games of chance.

All games of chance as well as games of skill in which merchandise is awarded as prizes were previously banned at the U. P. State Fair on orders from the state attorney general's office.

At the Rialto Theatre in Gladstone the "employment night" program is voluntarily being discontinued, the prosecutor reported. This program was described by the prosecutor as a lottery to induce attendance.

Army Worm Is Now Less Potent Threat

Harm army worms can do should they invade Delta County has been greatly diminished during the past few weeks, said Joseph L. Heirman, county agricultural agent, this morning.

"It looks like we're over the hump," the county agent declared. He explained that much of Delta County's grain is now ripe, and the army worm is more apt to go after green and succulent grain than ripe grain.

Heirman said many county farmers will begin to cut grain any day now. A little grain has been cut already, he said. He noted also that there is much county grain not ready for harvest yet.

The army worm, a destructive pest which gained its name because it travels in huge numbers, attacked Delta County grain last year just as the grain was ripening. Losses were severe and many farmers lost as much as 50 percent of their crop, Heirman said.

The county agent said he heard some army worms had appeared around Trenary, but has not received confirmation of the report. July 9 the worms were reported as attacking grain in two downstate counties, Cass and Bay. They move from south to north.

Street Paving Begins Thursday

The surfacing with blacktop of 12 blocks of city streets is scheduled to start tomorrow if the weather is favorable, Escanaba City Engineer Loren Jenkins reported today. Rain has delayed start of paving since Monday.

Work will begin on Fifth Avenue South, where the surfacing is to extend west to S. 23rd St.

Besides the 12 blocks to be blacktopped, the city will also surface the parking lot adjacent to City Hall and will do some paving in Ludington Park, the city engineer said.

The paving project will be completed in about three weeks.

In other street improvement work this summer the city is constructing curbs and gutters and applying gravel surfacing to 15 blocks in the city in preparation for blacktopping next year.

Lift-Time Resident Claimed By Death

Mrs. Edith Adeline Forsman, 56, 620 S. 14th St., wife of Gust Forsman, died yesterday at 1:30 p. m. at St. Francis Hospital where she had been confined for the past seven weeks.

Born May 30, 1897 in Escanaba, Mrs. Forsman was a life-time resident of this city. She was a devout member of Bethany Lutheran Church, and an active member of Ladies Aid and Morning Star and Rebekah Lodge.

Besides her husband, she is survived by two sisters and two brothers. They are Mrs. Carl (Ina) Ohman of Ferndale, Mich., Mrs. Frank (Millet) Saier of Lansing, Albert Johnson of Neenah, Wis., and Marvin Johnson of Escanaba.

Funeral services for the well-known Escanaba woman will be held at the Anderson funeral home Thursday at 2 p. m. and at the Bethany Lutheran Church at 2:15 p. m. Rev. Gustav Lund will officiate. Burial will be made in Lakeview cemetery.

Friends may begin calling at the Anderson funeral home today at 3 p. m.

Officers Check Boats In County

At the request of the State Waterways Commission, Michigan State Police next Monday will start to check resort and other marine areas and issue tickets for unlicensed boats, much in the same manner they are given to owners of cars without proper plates. Sheriff Wm. Miron and Undersheriff Cully Johnson have inspected 138 boats since last week.

Owners of boats 16 or more feet in length are required to pay the annual state license tax and at present nearly three-fourths of the boat owners have failed to comply resulting in the warning that on August 10 action will be taken against the delinquents.

The licenses are issued in marine areas by branch offices of the Secretary of State. In Delta County they are issued at the Chamber of Commerce office in Escanaba by the representative of the Secretary of State.

Revenue from the licenses goes to the Waterways Commission to be used solely for the building and improving of navigational facilities and waterways.

20,000 Boats
Up to July 17 of this year only 5,057 had been issued, whereas it is estimated there may be as many as 20,000 boats subject to the tax. The peak license year was in 1951 when 6,317 were sold. It was the first time many owners had paid the tax since it was first collected in 1948.

License revenue for the past fiscal year ending June 30 amounted to \$80,000 whereas it is estimated the minimum should have been about double that.

The license, which was established by the marine code law

enacted in 1947, applies to all watercraft having an overall length of 16 feet or more and owned by a resident of Michigan or hailing from any port within the state.

Exempted are commercial fishing craft licensed by the Department of Conservation, commercial passenger and freight vessels paying the state tonnage tax, vessels having an overall length less than 16 feet and vessels propelled solely by muscular power or detachable outboard motor.

The tax ranges from \$5 for boats from 16 to 20 feet in length up to \$1 per foot plus \$1 for each registered gross ton for vessels more than 65 feet long.

Marine Highway
Under former legislation boats were subject to personal property taxes which varied in amount depending upon the tax

July Was Cool In Escanaba

Escanaba's average temperature during July was a cool 67.5 which was 6/10 of a degree above normal, S. E. Decker, United States Weather Bureau meteorologist in Escanaba, has reported.

During a month when temperatures in many parts of the United States climbed high into the 90's, Escanaba's hottest day, July 20, produced a temperature of 85 degrees. There were only nine days in the month when the temperature went above 80.

July 24 the temperature dropped to 45, a new record for that date and the coldest July 24 in more than 80 years, Decker declared.

There were 337 hours of sunshine in Escanaba in July, which gave the city 71 percent of sunshine possible. Had the sun shone every possible moment, Decker said, Escanaba would have had 474 sunny hours.

Some of that sunshine was through clouds, however, the meteorologist commented. He explained the Weather Bureau's recorder operates whenever the sun shines strong enough to cast a shadow.

The month had 11 clear days, 13 partly cloudy days, seven cloudy days, and eight with measurable amounts of rain. Rainfall was 2.46 inches, or .76 less than normal, Decker stated.

rate in the locality where they were owned. These funds were used by units of local government. As a result of increasing personal property tax rates and the desire by boat owners to have their money used for boating purposes, the 1947 law was passed and a uniform license rate established.

In addition to other funds, the tax revenue is used by the waterways commission in a long range program to build a marine highway along the entire shore line of the state consisting of harbors of refuge and small boat facilities located at approximately 30-mile distances.

Mrs. Delia Ashinger Dies At Hospital

Mrs. Delia Ashinger, 68, widow of the late Louis Ashinger, 314 S. 9th St., died today at 8 a. m. at St. Francis Hospital. She had been ailing about a year and was seriously ill for the past month with a heart condition.

Born Sept. 21, 1884 in Buckingham Canada, Mrs. Ashinger came to Escanaba as a young child and had lived here since that time. She was a member of St. Joseph's Church and the railroad trainmen's auxiliary. Her husband preceded her in death on Feb. 7, 1949.

Mrs. Ashinger is survived by three children, Mrs. Kenneth (Irene) Lewis, with whom she made her home, Mrs. Jerome (Lois) Mileski of Escanaba and Donald Ashinger of Colfax, Wash.; two foster children, Mrs. Raymond G. Waeghe of Escanaba and Alton Doutre of Chicago, five grandchildren and a sister, Mrs. Bertha Gossett of Atlanta, Ga.

Friends may begin calling at the Alto Funeral Home Friday at 2 p. m.

Funeral services will be held at 9 a. m. Saturday at St. Joseph's Church with Rev. Fr. Stephen Schneider, O. F. M., officiating. Burial will be made in Holy Cross Cemetery.

The rosary will be recited Friday at 8 p. m.

Sales Tax Money Is Sent To Schools

The county treasurer's office today mailed \$74,359.95 in sales tax diversion money to township and city treasurers throughout Delta County, Laverne Karasti, deputy treasurer, said.

The Escanaba school treasurer was mailed \$30,260.40 and the Gladstone treasurer \$10,071.70.

Amounts were figured on a basis of \$7.55 per school child, Miss Karasti explained. The money is for the second quarter of 1953.

Going to other treasurers were the following amounts: Baldwin Rural Agricultural, \$1,759.15; Bark River, \$6,258.95; Brampton, \$1,200.45; Cornell Rural Agricultural, \$1,132.50; Escanaba Township, \$2,627.40; Fairbanks, \$1,162.70.

Ford River, \$2,091.35; Garden, \$1,691.20; Maple Ridge, \$3,759.90; Nahma Rural Agricultural, \$2,008.30; Rapid River Rural Agricultural, \$4,152.50; Wells, \$6,183.45.

Record Of Congress Is Not Bad One From Eisenhower Viewpoint

ALL in all the mixed record of the 83rd Congress in its first session under the administration of President Eisenhower is a creditable one.

President Eisenhower has been faced with some tremendous carryover problems of the Truman Administration. The wheels of government grind slowly but enormously. It simply is not possible to make a complete change of government policy in a single sudden swoop.

For one thing commitments for most government spending are made far in advance. The faith and credit of government,

God-Fearing Statesman

FRIEND and foe alike will miss the evangelistic intonings of Senator Tobey on the Senate floor and in the committee rooms.

Whether he was thumping the organ in a religious service on a New Hampshire hill-top or wagging a frightening forefinger in some gangster's face, Tobey always seemed to have the Bible at his side.

They say there has been a great church revival since the big war ended, and it might be possible to argue convincingly that the earnest New Englander personally had something to do with it. Certainly he seldom let an opportunity pass to jostle his listeners into a fresh awareness of God.

He even stole a little time for preaching once as he was going off-stage after a guest appearance on some wholly frivolous TV show.

Tobey identified himself with the liberal wing of the Republican Party and in this role he served his party, state and nation with great distinction. He had courage. He never feared to speak out against wrongdoing of any kind from any quarter.

He was a fine man and a fine statesman. He was a fit man to serve as the conscience of Congress.

8.—Clique: (a) a political party, (b) a noisy crowd, (c) a small and exclusive group of persons.

ANSWERS

1.—(c) (ek-spee-AY-shun): Latin ex, out, plus piare, to seek to appease.

2.—(c) (KAL-oh): Anglo-Saxon calu, without hair, hence, immature.

3.—(b) (om-NISH-nt): Latin omnis, all, plus scire, to know.

4.—(b) (make-eh-uh-VEL-ee-un): Machiavelli, Italian statesman who applied to government the doctrine that the end justifies the means.

5.—(a) (reh-DUN-dent): Latin re plus undare, to rise in waves.

6.—(b) (PAT-wah): from the French, a regional dialect.

7.—(c) (ee-goh-SEN-trik): Latin ego, I, plus centrum, center.

8.—(c) (kleek): from the French, without any change in meaning or spelling.

The Doctor Says...

Adhesions Bother Some Persons More Than Others

By EDWIN P. JORDAN, M. D. — Written for NEA Service

"Some time ago I had an appendix operation," writes Mrs. O., "and twice afterwards I had adhesions. What causes them?"

The writer of this letter is, evidently, one of those unfortunate persons really troubled by adhesions. What apparently happened in her case was that the acute appendicitis either ruptured and spilled infection into the surrounding tissues, or was severe enough to irritate the tissues even without rupture. This can happen with other internal infections as well.

Adhesions are made up of tissue much like that of an ordinary scar on the skin. Under the microscope adhesions appear as slightly elastic fibers. This is called fibrous tissue and the body tends to respond to any infection or injury by forming it. This response is not related to the particular nature of the damage but is merely one of nature's attempts to heal injury.

The adhesions once formed may or may not produce complications later on. The fibrous tissue has a tendency to contract; thus if adhesions have formed around a loop of the intestines, they may draw tighter and tighter, thus preventing the free flow of intestinal contents.

This, in turn, can produce symptoms and may require an operation to cut these bands of fibrous tissue and free the partly strangled intestine.

What to do for adhesions depends on where the adhesions are located, what normal structures of the body they surround, and what this contraction is doing to the organs involved.

Some More Troubled

Some people tend to develop adhesions much more easily than others. This raises a difficult problem because in such people new adhesions are likely to form even after the old ones have been cut or removed. However, surgical methods are so good now that the number of recurrences of adhesions is greatly decreased.

Pinning the blame on adhesions for vague abdominal distress is likely to be difficult. Sometimes it can be done only at operation when the region under suspicion comes under the eyes of the surgeon.

Adhesions do not lead to cancer as some people fear, but they cannot be cured by any medicines taken by mouth or by injection.

Merry-Go-Round

By DREW PEARSON

WASHINGTON — The heart-breaking story can now be told of how New Hampshire's crusading Sen. Charles Tobey, on his own deathbed, sent a cancer drug to his dying friend, Robert Taft. Senator Taft's doctors did not use it.

Yet the controversial drug, krebiozen, has been used with considerable success on many cancer patients in early stages, and was used to relieve pain with "dramatic success" on two other senators—Arthur Vandenberg of Michigan and Brien McMahon of Connecticut.

The background story is that Tobey's son had cancer and was cured, and Tobey had battled with the New England branch of the American Medical Association because he felt they were opposed to some of the newer and more revolutionary treatments for cancer. Following this, he started a secret senate investigation of an alleged conspiracy of the American Medical Association to restrict cancer cures.

Because the A.M.A. spends more money influencing congress in lobbying before that body—\$309,514.93 last year, more than any other group besides the utility lobby—Tobey was afraid his probe would be stopped. So he kept it secret even from the interstate commerce committee of which he was chairman.

However, he obtained \$40,000 from the senate to investigate "certain matters in interstate commerce" and hired an expert investigator, Benedict Fitzgerald, to probe the doctors' lobby. Fitzgerald has now drafted a preliminary report which indicates that certain members of the American Medical Association conspired with certain drug companies to suppress krebiozen.

The A.M.A., of course, has the laudible motivation of trying to keep harmful medicines away from the public. However, many doctors, including members of the A.M.A., feel that it has gone a little too far in some of its policies.

"HELPFUL RESULTS" CLAIMED

Krebiozen has been the subject of a controversy in Chicago, where Dr. Andrew C. Ivy, distinguished expert of the University of Illinois, states that he saw it tried on 100 patients with helpful results, and that 100 other doctors have reported favorably to him on its use.

Dr. Ivy has been conducting experiments under the regulations of the U.S. Food and Drug Administration.

However, such great pressure was brought by members of the American Medical Association to stop his work and have him removed as vice president of the University of Illinois Medical School that he finally took a leave of absence without pay. All this created such a furor that the Illinois legislature appointed a commission to study the matter and testimony has been given before the commission that Dr. J. J. Moore, treasurer of the American Medical Association, brought pressure to keep krebiozen off the medical market and to have Dr. Ivy removed from the University.

TESTS IMPRESSIVE

Irony is that Dr. Ivy is not only one of the most respected members of the medical profession but served on the American Cancer Society's committee to keep quick cancer cures out of drugstores. However, he was so impressed with krebiozen that he ordered his researchers at the University of Illinois to conduct extensive tests.

It was found among other things that krebiozen transformed into liquid the cancer at the base of Senator McMahon's spine. His chest, however, was riddled with cancer and too far advanced to respond to treatments. With Senator Vandenberg, the new drug relieved him of much pain, though his case also was too far advanced.

All this was why Senator Tobey, on his own deathbed, sent Fitzgerald to Senator Taft's New York hospital with a supply of krebiozen and a letter from the late Senator Vandenberg's doctor saying that the drug had a "dramatic" effect on Vandenberg.

Fitzgerald reported back that Taft's doctors refused to use it.

NEW YORK'S 50-CENT PIECES

Some people who think congress moves slowly should have seen it in action as the adjournment date drew nigh.

Whereas it took New York City months to agree on a 15-cent subway-fare token, the committee on banking and currency spent about 100 minutes authorizing a specially minted 50-cent coin to celebrate New York City's 100th anniversary.

Republican Chairman Jesse Wolcott of Michigan had hardly brought the meeting to order when Paul Brown, Georgia Democrat, announced: "In order to save time, I move that we report the bill out favorably."

"Aren't you ever going to allow the witness a token one-minute speech?" asked Bolling of Kansas City, another Democrat.

Chairman Wolcott, who often conducts legislative hearings for days or even weeks, cut the banter short by calling for the yeas and nays. The bill passed unanimously and the committee proceeded to other business.

Army Has Bevy Of Girl MPs; They're Feminine But Tough

By PATTI SIMMONS
NEA Staff Correspondent

FT. LEE, Va. (NEA) — Few people know that the Army boasts a bevy of full-fledged women MPs—pretty military police gals who are trained in judo, can handle machine guns and bazookas, and even learn how to plant landmines and booby traps.

But a lady MP never carries a gun. A nightstick and whistle are her weapons.

Like any other MP, she may be assigned to traffic direction, gate duty or police patrol work on the post. Specially trained women even tackle criminal investigation assignments. Like the case of the missing jewelry and radio taken from the barracks. A gal MP with a male colleague trailed the thief to a pawn shop.

Then there's tall, trim Pfc. Betty J. Massey, a Ft. Lee, who helped nab a car thief, or another girl MP who used judo to corral an aggressive male trespasser.

Every lady MP, even those assigned to administrative or clerical jobs, gets intensive judo training.

CLOSEUP of a girl MP: Pfc. Betty J. Massey helped in nabbing an auto thief.

Army points out, is to assist fellow soldiers or civilians.

Lady MPs made their debut in World War II and now number approximately 50 enlisted Wacs and about 20 officers.

Currently there are six MP Wacs majors, including petite, blue-eyed Julia Mulcahy, a Wellesley graduate who holds the top lady MP job of Wac Liaison Officer for the Office of the Provost Marshal General.

A few offices away, there's attractive Lt. Irene Evans who once studied to be a concert pianist and admits she was scared to death at the thought of the weapons familiarization course.

She ended up as a sharpshooter, better than many of the male MPs taking the course. Even at night she didn't bat an eyelash at taking to woods infiltrated with imaginary guerrilla fighters.

A former English major, Irene now works on MP publications and training films.

Gal MPs, points out Maj. Mulcahy, get left out when it comes to guardhouse duty and town patrol. However, if a Wac AWOL were apprehended and had to be returned to the post, the man sent to bring her back might be accompanied by a woman MP.

In the event of an all-out war with an enemy which used women in combat, the major admits women MPs might be assigned to work dealing with women prisoners.

But don't get the idea lady MPs are muscle gal types or lady wrestlers.

Lt. Josephine Loomis, in charge of women MPs, at Ft. Lee, declares women military police must be efficient, trim, neat and attractive, which is why they're in demand for traffic work and gate duty.

"Visitors," says Lt. Loomis, "make a big fuss over the girls."

Sometimes, she adds, when a pretty little MP picks up a man for a post traffic violation, he's apt to flirt with her a bit. It's hard for a lot of men to believe a woman is really an MP or that she enjoys the same rating, pay, authority and privileges as a man wearing the familiar army band.

To be picked as a candidate for MP school, a girl must be 21 and over 5 feet 4 inches tall. If she's completed her Wac basic training and met with the approval of her commanding officer she can be

ON POST PATROL at Ft. Lee, Va., girl MP Rosamond Hagstrom stops her car to check with Pfc. Gerald Stevens.

chosen as an MP prospect for further training.

Of course, if the idea doesn't appeal, a girl may turn it down.

Currently, the Army needs women MPs, both officers and enlisted, to do criminal investigation lab work. These girls take special training including chemical analysis, handwriting analysis, ballistics and finger printing.

Incidentally, lady MPs may end up working in Europe, or the Far East as well as the United States. They may also end up married. Even MPs aren't immune to romance, the records show.

Good Evening...

By CLINT DUNATHAN

PLAYING BINGO—We played bingo once—or twice. The recollection is fresh as though it happened yesterday, although it was some fifteen years ago. It was in Michigan, too.

The incident is remembered because we won something. It was a large and rather unweildy live turkey, apparently designed to be sacrificed for the Thanksgiving Day feast, for the season was late fall.

Anyway, we took our prize home and tethered it in the basement, since it was still a week or more before Thanksgiving Day.

There the beautiful big bird seemed to contract a bad case of ennui, for it moped, refused to eat, and declined at a rapid rate. Every hour on the half-hour it would let out a most disconcerting "Awk!" and then go back to moping.

When the time neared for the slaughter we found the turkey in the last stages of mopey and wasted away to feathers and bones.

JUST REWARD—The bingo turkey, as we called it, supported about as much meat as a large crow when it came to the Thanksgiving Day table.

This was, although we did not then realize it, retribution for having violated Michigan anti-gambling laws. The turkey represented gains attained through a game of chance played contrary to the law, so what could justice do but reward us in this way?

The turkey incident leaves me slightly averse to games of chance both in theory and in practice. You pay your money and you take your chance—and the chance all too often is not worth the taking.

FEVERISH GLEAM—We have been lax in attendance at bingo in recent years. Other entertainments appeared to offer more lasting reward.

Yet we recall the habits of the bingo dens who hovered over as many as five or six cards at a time, waiting with bated breath for the call of the croupier.

With flushed cheeks and a feverish gleam in their eyes, these bingo fans were getting a bigger buzz out of the game than most people would find in being shot to the moon in a rocket.

Remove these same people from the bingo parlor and they would return to something resembling average men and women. Of course they lived only until the next game night.

THE GILDED AGE—The second time we played bingo was on Mackinac Island, where the prices were high even in depression days and politicians rubbed elbows with other politicians.

You reached this sanctum devoted to game by walking through a long corridor and saying a few words to the man at the far end. We didn't say the words, incidentally, because we were being entertained by one who knew all the right words at the state's summer capital.

Bingo was played against a background of low-necked dresses, high class games of chance, and winnings were presented on a silver tray.

In this gilded hall we won nothing, not even a turkey. But you should have seen the famous people who didn't win anything either.

PRIVATE LIFE—These glimpses into our checkered past are revealed for one reason only—to prove that crime doesn't pay.

On the public side of bingo there is little to report. The game is not even mentioned in the advertisements, you will note, and no one in Michigan knows what they are going to do when some organization announces that it is sponsoring:

Feather parties, corn games, grocery party, or just "games" for want of a better word.

Michigan law has long held that bingo is a game of chance, that it is illegal and may not be advertised. If newspapers opened their pages to bingo ads the law would clasp a stern hand on their figurative shoulders and hail them into court.

Before we finish reminiscing about the past, we might refresh your memory concerning the short shrift the law gave the drawings and dish parties sponsored by some of the theaters in the days when people had to be lured into theaters.

If they were lucky, some of the patrons received a set of dishes or a gold embossed serving tray as well as a look at a new movie star, Clark Gable.

Virtue has triumphed in Michigan, however, after a long struggle and raffles, drawings, bingo and other games of chance are now being driven to the wall. That bingo turkey incident is something to remember and tell the grandchildren.

Here's How Michigan Spent Funds In '52

By Congressional Quarterly

WASHINGTON (CQ)—The 48 state governments collected general revenues totaling \$13,428,897,000 in fiscal 1952—most of it from taxes. The states' general spending for the year amounted to \$13,697,259,000.

General revenue and spending include all revenues except collections from or expenditures for insurance trust programs and state-operated liquor stores.

Taxes accounted for almost three-fourths of all general revenue in fiscal 1952. The states collected \$9,856,970,000 in taxes, an increase of 10.3 per cent over fiscal 1951 tax revenues.

Here is a breakdown of general revenue totals for Michigan in fiscal 1952:

Total general revenue \$658,639,000.

General revenue per person \$100.63.

Total taxes collected \$502,554,000.

Sales & gross receipt taxes \$372,457,000.

Seppanens Return From 1600 Mile Trip

ROCK—A week's vacation totaling 1600 miles and covering six states was enjoyed by Mr. and Mrs. John Seppanen, Lila and Ingrid and Mrs. Paul Seppanen last week.

At Macon, Mo. they visited with friends, Mr. and Mrs. Earl McKee and Mr. and Mrs. Clifford Hayes. While there they went to see the world's largest shovel. It is run by electricity for mining coal and has a capacity of 34 yds. The bucket is so huge that four automobiles could be parked in it.

They traveled as far south as Jefferson City, and visited the capitol building. They also saw the Omar Bradley home. At Hannibal they toured the Mark Twain caves with a guide. The farther south they went, the more noticeable was the drought. In Missouri everything had dried up.

In Illinois they visited Lincoln's Tomb and home at Springfield. At Grand Rapids, Mich. they stopped for a while at the home of Mr. and Mrs. Clarence Seppanen.

Rare Wine Going

SAN FRANCISCO, Calif. (AP)—Only five bottles now remain of an 1815 port wine specially brewed for King Edward VII when he visited Lisbon as the Prince of Wales.

In 1905 the cask was found in Portugal by Charles Bellows, a New York wine merchant. Bellows bottled it, numbered each bottle and distributed them to selected clients, including the late William Rockefeller.

With Rockefeller's death, a San Francisco connoisseur, who asked to remain anonymous, acquired the remaining bottles.

Statesman Baruch Says U.S. Must Keep Armed Like Russia

MILWAUKEE (AP)—Elder statesman Bernard Baruch said Tuesday if Russia doesn't start disarming within a year, "we must step up our arming—even if it means increasing X X X taxes."

In an address delivered at the 54th annual encampment of the Veterans of Foreign Wars, Baruch said:

"I sympathize fully with the need to cut taxes and government spending. But let us not deceive ourselves that large reductions can be made in our armed forces without weakening our position in peace negotiations."

Baruch said the United States tried and failed after World War II to achieve peace without military power.

"We must watch what the Soviet leaders do," he said. "If the year ahead does not bring a significant cut in Soviet armament then—and I cannot stress this too strongly—then we must step up our arming—even if it means increasing rather than reducing taxes."

Not to do so would be inviting aggression, Baruch declared.

Monday night Baruch presented the VFW's distinguished service medal, named after him, to Francis Cardinal Spellman, archbishop of New York. Cardinal Spellman was the second recipient of the Baruch medal, awarded to the U. S. citizen "who makes the outstanding contribution to the defense of America and the preservation of world peace." The first to receive the award was Dwight Eisenhower, who received it before he became a presidential candidate.

UNIMPORTANT PICAYUNE

Picayune was a name used in Louisiana for a small Spanish coin worth six and a quarter cents, current in the U. S. before 1857. Hence the colloquial phrase, "not worth a picayune," long has been used to indicate a person or thing of slight value or small importance.

Left Behind On Trip; Girl, 8, Catches Up

CADD0, Okla. (AP)—The Herb Hefernans of San Antonio, Tex., returning home from a vacation, were stopped by the highway patrol Monday.

"Count your children," Lt. Ed Vandergriff of the patrol commanded.

They counted noses. There were only seven. "Susan's missing!" the family chorused.

"Now don't worry," Vandergriff said. "She's on her way."

Minutes later, the 8-year-old, unruffled by the experience of being left 20 miles behind at a rest stop in Atoka, took her seat and the trip was resumed, thanks to Trooper W. H. Bailey, who spotted the youngster.

Speeders Learn

PITTSBURGH (AP)—In suburban Mt. Lebanon, Township Manager John Paulus has installed what he says is the first traffic light of its type in Pennsylvania.

Vehicles run over a magnetic detector. If they are traveling more than 35 miles an hour, the traffic light stays red until the detector is activated by another car.

However, if motorists are within the 35-mile an hour limit the signal turns green five seconds after activation and stays green for approximately eight seconds. Drivers who use the road regularly already are slowing down for the intersection. They know that this is one traffic light they can't "beat."

Soviet Houses Meeting Jointly

MOSCOW (AP)—The two houses of the Supreme Soviet Parliament met separately today and voted to hold a joint session, first since Lavrenty P. Beria was fired as minister of interior. Premier Georgi M. Malenkov and the others of the nine-member ruling presidium of the Communist party put in an appearance.

Both houses decided to hear a report on the budget at the joint meeting tonight and then to meet separately again for debates and minor business concerning the budget. In addition a new law concerning agricultural taxation is to be endorsed.

The preliminary meetings were brief, but judging from the length of the agenda adopted by the two three or four days.

The deputies rose and cheered at the appearance of Premier Malenkov. Cheers also greeted the appearance with him of others of the U. S. S. R.'s "big nine"—L. M. Kaganovich, N. S. Khrushchev, K. E. Voroshilov, Nikolai Bulganin, A. I. Mikoyan, M. Z. Saburov and R. G. Pervukhin.

Officials Of Employment Commission Meeting Here

Officials of the Michigan Employment Security Commission, including Chairman Chester A. Cahn and Executive Director Max Horton, arrived in Escanaba today for the commission's annual Upper Peninsula meeting.

A meeting of the 15 managers in Upper Michigan is being held in conjunction with the annual meeting, for training sessions. Official meetings, in the city hall, were to begin at 1:30 this afternoon and will continue through Thursday.

Whitney R. Dixon, branch manager of the Escanaba MESC office, and 14 other Upper Michigan staff members this evening will receive

Parents Accused Of Killing Baby

CHICAGO (AP)—A true bill charging murder reportedly was voted by the Cook County grand jury today against Veronica and Peter Burowsky for the fatal beating of their 3-year-old son, Peter Jr.

The boy, beaten from head to foot and bearing rope burns on his wrists, ankles and neck, died in the family's South Side apartment last Tuesday night.

Mrs. Burowsky, 28, told police she beat the boy with the wooden leg of an ironing board because he was disobedient and her 35-year-old husband said he tied the boy to a hot water pipe in the bathroom on his wife's instructions.

Mrs. Burowsky's father, George Trombley, 55, of Plattsburg, N. Y., has come to Chicago to claim little Peter's body for burial and to ask custody of Mrs. Burowsky's four other children ranging from 18 months to 11 years old.

He said he will help defend his daughter "because I believe she is a sick woman."

Meeting For 4-H's With Beef Animals

Wilton H. Finley, specialist in animal husbandry, will conduct a meeting Thursday from 10 a. m. to noon at the Elmer Johnson farm in Danforth on fitting, showing, feeding, and grading of beef animals. Fred C. Bernhardt, county 4-H agent, announced today.

All 4-H members with beef animals are invited. Purpose of the meeting is to help them get ready for the U. P. State Fair.

Policemen Flee To West Berlin

BERLIN (AP)—Thirty-seven East German soldiers and policemen fled to West Berlin today in the second largest mass desertion of Red armed forces this year.

The fugitives, including one officer, deserted from the food blockade which the Soviet zone government set up around Berlin last Saturday to kill off American relief for 18 million East Germans.

Twenty were from the Red Wehrmacht and 17 from the People's Police.

The record for one day's flight was set June 24, a week after the East German revolt, when 46 soldiers and policemen applied here for political asylum. The total for 1953 is 2,555—two-thirds of them Army troops.

Dies On Furlough

TORONTO (AP)—While visiting his wife in Toronto on a three-day furlough, 30-year-old S-Sgt. Robert E. McGown of Selfridge Air Base at Mt. Clemens, Mich., died Tuesday of infantile paralysis.

Wall Street

NEW YORK (AP)—Considerable irregularity developed in today's stock market with prices going lower on balance.

Profit-taking, which appeared in Tuesday's market, continued today on a more moderate scale. Losses extended to a little better than a point at the most while gains were usually in the minor fractions.

Trading simmered down to a rate below a million shares for the entire day. Tuesday's total came to a million.

Major divisions in the unchanged to lower class included railroads, motors, oils and motion pictures. Other major divisions were mixed, with the exception of the coppers which were marked down all around.

Also backing down were New York Central, U. S. Steel, General Motors, Allied Chemical, and Texaco.

Gaining were Douglas Aircraft, Southern California Edison, American Cyanamid, Dow Chemical, Celanese, American Tobacco, and Johns-Manville.

U. S. government bonds were steady.

soldiers, a Marine band and Allied leaders, including Gen. Maxwell D. Taylor, 8th Army commander, U. S. Secretary of State John Foster Dulles and U. S. Army Secretary Robert Stevens.

One of the first items was a good American meal.

One of the most recent captives arriving today was Pfc. Albert Chickiee of Bloomfield, N. J. He was captured in July 1952 after being wounded in the leg.

Chickiee said he saw some white men near his North Korean prison camp, but he wasn't sure they were Russians.

Chickiee and other returning prisoners told of being forced to attend indoctrination schools.

"But by the time I was captured," he said, "it seemed that the men who were going to believe that stuff had already bought it and they didn't bother too much with the rest of us. They called those fellows progressives. There were a few of them and they got better treatment."

Sgt. Edward Hewlett of Detroit said most of the houses in North Korea are in ruins and the railroads and all transit systems have been virtually demolished by Allied bombing attacks.

Hawlett said the trip south was slowed because of "craters in the road and lots of times they had to complete sections of rail."

Campaign To Sell Out Surplus Butter Urged

WASHINGTON (AP)—Rep. Neal (R-W.Va.) suggested today that the government get rid of its accumulated surplus butter by setting aside a butter week.

During this week, housewives would be offered a pound of butter free for every pound purchased.

"This," Neal said, "will reduce the accumulated surplus, relieve the government of expensive storage costs, and give a distribution of needed food to those otherwise unable to buy it."

Husband Shoots Former Suitor

COASTESVILLE, Ind. (AP)—A bridegroom of three weeks was held today for the fatal shooting of his wife's former boy friend at the door of the newly-married couple's home.

Carmie Wallen, 36, Coastesville, admitted shooting John Junior Gibson, 26, early Sunday. Sheriff Porter Boney said.

"I loved them both," sobbed Mrs. Wallen at a coroner's inquest Sunday. "I've been crying all night because one of my men got killed."

Money said Wallen told him Gibson came to the three-room apartment where the Wallens lived with five of the bride's relatives and tried to enter after the family asked him to leave.

Wallen told the sheriff he shot Gibson with a .22 caliber rifle.

Money said Gibson, a painter, had been working in Greensburg recently but before that had lived in Belleville with the future Mrs. Wallen, then Mabel Kimberling. The girl and Wallen were married July 10 after Gibson went to Greensburg.

Domestic rabbits which weigh 20 pounds have been developed although their wild ancestors weigh about three pounds.

Louise Seymour and Carol Potvin. A party lunch was served by Joey's mother. A large pink and yellow candle-lit cake formed the table centerpiece. Joey received many nice gifts. Guests present were Linda and Larry Pilon, Mary Louise and Ronald Seymour, Alen Hurtubise, Erma Derocro, Roger Mayrand, Patsy Collins, Patsy LaFleur and Carol and Bobby Potvin.

Prison Liquor Ring Broken Up

JACKSON (P)—Southern Michigan Prison officials Tuesday announced the breakup of an inmate liquor smuggling ring. They said it operated on prison trusty farms and in the old Southern Michigan Prison in downtown Jackson.

Warden William H. Bannan said seven inmates, believed to be the operators of the ring, were transferred from trusty assignments and placed in cellblock 15, the disciplinary cellblock at Southern Michigan Prison.

Bannan said the liquor was taken to "old Southern Michigan Prison" and later transferred to cellblock 16, located outside the main prison walls.

State police and prison officials smashed the smuggling ring Monday in a raid on cellblock 16. Police said no liquor was found in the cellblock, but empty bottles were found along roads in the vicinity.

Det. Charles Southworth, who led the raid with George Bacon, deputy warden, said he thought the operators of the ring had outside help—possibly from a parolee.

Bannan said prison officials knew of the ring before the raid, adding: "We knew the stuff was being brought in, but we couldn't pin it on anyone."

Bannan said none of the contraband liquor found its way into the main prison.

Sen. Ferguson Opens Election Campaign At Ionia Free Fair

DETROIT (P)—Senator Homer Ferguson announced plans to open his campaign for re-election with an appearance at the Ionia Free Fair next week.

The state's senior Republican senator then plans a two-week swing through the Upper Peninsula beginning Aug. 12. He said he would return for his Detroit campaign late this month and would tour the lower Peninsula in September.

Ferguson opened his campaign headquarters Monday in the Federal Building here.

When the Revolutionary War ended, the United States was composed of a land and water area totalling 892,135 square miles.

Boss At Detroit Cafe Murdered

TOLEDO, Ohio (AP)—An ex-convict and a waitress were sought for questioning in the bludgeoning slaying of a 60-year-old Detroit restaurant owner south of here Monday.

Ohio police found the body of John Caruso in a ditch along a county road Monday morning. Caruso, operator of a North Woodward Avenue cafe, had been missing since early Sunday.

Police said Caruso was last seen in the company of Roberta Mackey, a 25-year-old former waitress in his restaurant. The ex-convict was identified as Eugene Marvin Gilio.

Ohio authorities said Gilio was on parole from Southern Michigan Prison. Both Gilio and Miss Mackey live in Ferndale, Mich.

Restaurant employees said Caruso left with Miss Mackey at 3 a.m. Sunday.

A dishwasher at the restaurant, alarmed when Caruso failed to appear for work Sunday afternoon, notified police. The restaurant owner's brutally beaten body was found later.

Typhoid Spreads

SYDNEY, Australia (AP)—Australia is suffering its worst outbreak of typhoid fever since 1943—and imported dried coconut from New Guinea is the chief suspect. In the past month 42 confirmed cases and 10 suspected cases have been reported. One sufferer has died.

Freed POWs To Get The News About Joe

MUNSAN (AP)—As he steps across to freedom, every U. N. war prisoner will get the news that Joe Stalin is dead and Dwight Eisenhower has moved into the White House.

And he will learn that Joe Louis has hung up his gloves and Rocky Marciano is now the champ.

The Allied Command released contents of a reading kit which will be handed to all U. N. captives as they are released by the Reds at Panmunjom.

Inside the folder are three illustrated booklets and a "welcome" letter from Gen. Mark Clark, U. N. Far East commander.

One booklet tells the prisoner in capsule style what the outside world was doing while the soldiers sat in North Korean stockades.

A second booklet, bearing the words "Welcome Back," leads off

with Clark's letter, outlines the situation in Korea and the events leading up to the signing of the armistice.

The third booklet opens with a letter from the 8th Army commander, Gen. Maxwell D. Taylor, welcoming his returning men and then spells out, step by step, the processing each repatriate will receive on the route home.

This booklet ends with bold black letters "bon voyage!"

Private Named Sheriff Must Finish His Hitch

WICKLIFFE, Ky. (AP)—An Army private was elected sheriff of Ballard County in Saturday's primary, but he won't wear his badge until he finishes his military hitch, including an assignment overseas.

Ernest (Billy Bob) Crie won the Democratic nomination and he has no opposition in the November general election.

The 27-year-old soldier announced his candidacy while on an eight-day leave earlier this year.

Crie, who has 18 months left of his two-year enlistment, said he would appoint a deputy to hold down the office until he returns.

Ranch Taken Over

MEXICO CITY (AP)—The secretary of agriculture said the 160,000-acre ranch in Mexico of the late William Randolph Hearst will be taken over by the government and divided among small landowners. The ranch is in the state of Chihuahua, which borders Texas and New Mexico.

Treasury In Red Despite Slashes

WASHINGTON (AP)—Congress trimmed appropriations for federal agencies to the lowest level in three years in the 1953 session, but this will have little immediate effect on the red-ink position of the Treasury.

The lawmakers voted a total of \$61,862,000,000 in appropriations in the session which ended Monday night, far below the \$85,999,000,000 approved in 1952.

However, despite slashes in money bills, the Eisenhower administration has estimated it will spend \$74,100,000,000 for the year which began July 1, counting left-over funds, or about as much as was spent in the preceding year.

This total outgo would leave an estimated \$5,800,000,000 deficit even though all-time record tax collections are forecast for the period.

Conversely, funds voted this year will not be paid out in many cases until 1955 or even 1956. Thus the savings of the 1953 Congress will not be reflected until later on.

Taft Memorial Urged

WASHINGTON (AP)—George Papanicolas, director of the Republican party's Greek-American Committee, today proposed erection in Washington of a national monument to Sen. Robert A. Taft. Papanicolas said he would subscribe a substantial amount to get a drive started for a memorial.

Cork can be harvested from a cork oak only once in six to 10 years.

Three Escanabans, Visiting Pianist Will Give Concert

Three Escanaba musicians and a Chicago concert pianist will present a concert in the Evangelical Covenant church here Thursday night, beginning at 7:45 o'clock.

Two brothers, Wayne and Robert Crebo, who are visiting with their parents, Mr. and Mrs. Harold Crebo, 1409 S. 5th ave., will play the viola and flute; Mrs. Mae Brazeau, 1013 S. 4th ave., will play the violin, and the piano will be played by Giulio Favario, a guest at the Crebo home.

The concert, entitled "An Evening of Music," will open with a trio, playing "Serenade in D Major, Op. 25, by Beethoven.

Public Is Invited

Robert Crebo, a voice graduate of Chicago Musical College, will sing two songs, "God Is a Spirit" by Scott and "The Publican" by Van de Water; and Wayne Crebo, student at the New England Conservatory of Music in Boston, will offer two flute solos. They will be Sonata No. 3 by Handel and Allegretto by Godard.

Mr. Favario will play Schubert's Impromptu in E Flat, Chopin's Nocturne in C Sharp Minor and "Sparks" by Moszkowski. Two

other numbers, Schubert's Serenade and a trio sonata by LeClair also will be played.

There will be no admission charge for the concert, but a free will offering will be taken. The public is invited.

Sherwood Graduate

The Crebo brothers have been visiting in Escanaba since June. Wayne will return this fall to studies in Boston and Robert, who has taught the past five years in Rocky Ford, Col., will return to his teaching. He currently is making arrangements for a transfer from Rocky Ford.

Mr. Favario, a graduate of Sherwood School of Music in Chicago arrived Sunday night and will return to Chicago after the concert.

NEW YORK (AP)—Women on the best-dressed list have a mixed reaction to Christian Dior's shortened hemline, an international survey revealed today.

Reached at fashionable spas and summer homes on both sides of the Atlantic, some of the fabulous 12 indicated pleasure at the prospect of a change. Others differed. Here are some comments:

The Duchess of Windsor (in Paris): "For my personal taste I prefer an intermediate length, neither too long nor too short. But I can't take sides for either Mr. Hartnell (British designer for the royal family, who champions longer skirts) or M. Dior without seeing their designs."

Good Legs Needed

Mme. Louis Arpels, of New York (reached at her Paris home): "I like Dior's short dresses, and I've already started to shorten my hems! However, I'll never wear my skirts right up to my knees, because I'm too tall for it. I think women will protest, but they'll accept the shorter length."

Mrs. Winston Guest (in New York): "It all depends on how good your legs are. If the men like it, I guess it's all right. But if you're tall like I am (5 feet 6½), I think it's a very uncomplimentary length. It sort of cuts you off. It's for women who are 5 feet 4 and have legs like Marlene Dietrich. I'm sure no one in America will be pleased. But Dior has to do something to sell those expensive

Poached Eggs and Cheese Sauce On Toast

Ingredients: 2 tablespoons butter or margarine, 2 tablespoons flour, ¼ teaspoon dry mustard, 1-8 teaspoon Worcestershire sauce, 1 cup milk, 1 cup firmly packed grated cheddar cheese, salt, eggs, toast, paprika.

Method: Melt butter in heavy saucepan; blend in flour, mustard and Worcestershire. Add milk all at one time and cook and stir over low heat until thickened and bubbly. Add cheese and continue to stir until melted. Add salt to taste. Remove from heat but keep warm. Makes 1½ cups sauce. Poach eggs until yolks are firm; arrange one egg on each slice of toast; pour ¼ cup of the cheese sauce over each egg; sprinkle with paprika. Put any remaining cheese sauce in covered container and store in refrigerator for later use.

New Curriculum Plan For Nurses Effective In Fall

Bright prospects for careers in nursing are opening up to girls and women of this area with announcement by Mercy Central School of Nursing that a new and completely-revised curriculum is being put in effect with the fall term starting in September. The plan reduces by nine months the period previously required for study leading to the state board of nursing's examination and qualification as an RN (registered nurse).

Furthermore, the internship which has been in the past an incidental part of the three-year course (now reduced to 27 months) will be a separate and specialized training carrying with it a monetary compensation sufficient for the nurse to live off-campus if she desires and also pay a part of her education expenses.

Mercy Central School of Nursing has major unit schools in Bay City (Mercy Hospital), Grand Rapids (St. Mary's Hospital) and Muskegon (Mercy Hospital).

Studies leading toward adoption of the new curriculum and internship plan started more than a year and a half ago. A revision of the state law for licensure, in 1952, meanwhile made it possible for the planning of a shorter course. Instructors in the unit schools worked together for a year on developing course outlines emphasizing application of scientific principles. Conferences with state and national authorities in the field helped to advance the project.

Officials of Mercy Central School of Nursing emphasize that all basic sciences have been retained but with better integration and more direct application to nursing. Student nurses will find a concentrated, compact course awaiting them, well-balanced and at the same time thorough in the essential factors. Internship will be keyed to the individual rather than being general and sometimes confusing by its all-inclusiveness.

The new program has been approved by the Michigan Board of Nursing.

Business Tax Law Defended

ANN ARBOR—Michigan's business receipts tax marks the first time in the United States that the "value added" principle, strongly recommended by tax experts, has been put into effect.

This was the report given July 30 to 550 lawyers and accountants attending an institute on Michigan's new tax law, sponsored by the University of Michigan Law School in cooperation with the Michigan Law Institute.

Alan Gornick, tax counsel and director of tax affairs for Ford Motor Company, described the new tax as the most accurate and fairest method of taxing business.

He said that the new tax avoided the most characteristic defect of a gross income or gross sales tax, which is the piling of tax on tax throughout the whole process of raw material fabrication, assembly and distribution.

Big companies had an unfair advantage over small manufacturers under traditional tax policies, he explained.

"The new Michigan tax is designed to avoid pyramiding (of taxes) and double taxation by deducting all goods and services on which taxes have been paid previously by the producers," Gornick said. "The effect is that only the value added to the product by the business or industry which sells it is taxable, and that is new wealth, previously untaxed."

He described it as "regrettable" that the business receipts tax had been subjected to so much misunderstanding and misinformation.

Three members of the Law School faculty, William J. Pierce, Paul G. Kauper and Samuel D. Estep, also took part in the institute. Technical details of the various provisions of the tax law were gone over in some detail.

Donovan Rau, director of the specific tax on business activities for the Michigan Department of Revenue, wound up the day-long institute by outlining how the department would administer the act.

During the discussions, it was developed that the tax is measured by adjusted receipts, which may be compared roughly to net income plus payroll. The rate of the tax is four mills for all business other than public utilities, for which the rate is one mill.

Preschool Clinics Are Scheduled Here August 13 and 20

Clinics for preschool physical examinations and necessary immunizations have been scheduled at the Court House here on Aug. 13 and 20, it is announced by the Alger-Schoolcraft Health Department.

Eastside children are requested to attend the Aug. 13 clinic, scheduled from 10 a. m. to 12 noon and from 1.30 to 4 p. m.

Westside and Thompson children will attend the Aug. 20 session, scheduled for the same hours.

If it is not convenient for any children to be taken to the clinic specified for their residential districts, they may attend the other clinic session, the health unit office reported.

Five Hurt In Car Collision

Five persons were hospitalized here yesterday as the result of a collision at 3:15 p. m. Monday on US-2, 1.2 miles east of the Mackinac-Schoolcraft county line.

The injured are: Stanley R. Trevillian, 37, driver of one of the cars, lacerated head, back and chest injuries.

Winnie Trevillian, 27, wife of Stanley, cut over left eye, ankle injury.

Patricia Ann Trevillian, 2, scalp cut.

Pamela JHL Trevillian, 4½ months, bruised elbow.

Pauline Bronstein Dunskey, 30, driver of the other car, head cut, back and chest injuries.

Paul Dunskey, 31, husband of Pauline, internal injuries.

The Trevillians are from 15643 Birchwood, Birmingham, Mich. Address of the Dunskeys is 4750 N. Clarendon, Chicago.

According to the state police report of the accident, the Dunskey car, traveling east at 65 miles an hour, was passing another vehicle when the approach of the oncoming Trevillian machine was noted.

Brakes were applied to the Dunskey vehicle which skidded on wet pavement and was hit broadside on its right by the Trevillian auto, approaching at approximately 55 miles an hour.

Damage to the Dunskey car was estimated at \$1,000, to the Trevillian machine \$700.

According to police the crash occurred on a section of concrete pavement which has not yet been blacktopped by the state.

Local Rotarians Trip Gladstone In Golf Matches

Manistique Rotarians defeated members of the Gladstone club, 11 to 7, in golf matches Monday afternoon at the Indian Lake course. A total of 17 matches was played preceding an evening dinner at the club building served by members of the Ladies' Indian Lake Golf and Bridge Club.

The dinner program included a message of welcome by Carl Carlson, local Rotary president; a response from the Gladstone club, and group singing. Cards were played later.

The golf matches followed regular noon meetings by the two clubs. Twenty-four Gladstone Rotarians made the trip to Manistique.

Need Recruits In Local Guard

Recruits who join the Manistique National Guard Company this week and next are still eligible to accompany the local unit to Camp Grayling on Aug. 15, it is reported by Capt. E. J. Doyle, commanding officer.

Young men between the ages of 17 and 35, inclusive, and veterans over 35 who enlist by Friday evening, Aug. 14, may make the Grayling trip. The Manistique company will leave Saturday morning, Aug. 15, for the two weeks' training session at the Grayling military reservation.

Openings in the local company exist in such classifications as truck drivers, radio mechanics, mess section, carpenters, riggers, and truck and construction equipment mechanics.

Cooks are needed in particular. Capt. Doyle pointed out, because two other units—a Detroit and a Sault Ste. Marie company—will be attached to the Manistique company at Grayling for quarters and administration purposes. This means, he said, that the mess for this expanded force will be the responsibility of the local Guard organization.

Returning Korean veterans especially are desired as recruits in the Manistique company because of their recent military training and experience. Capt. Doyle pointed out. While most of them may feel they have had enough of the army for a while, nevertheless they can be of invaluable help to civilian recruits who have no previous military experience, he said.

Two Cars Incur Minor Damage In Accident Monday

Cars driven by Phillip Cossoy, 44, of London, Ont., and Nick Thennes, 50, of Garden, incurred minor damage in a crash at 8:15 a. m. Monday on US-2, a half mile east of Isabella.

Drivers of the two vehicles told conflicting stories to local state police who made the investigation. Thennes said that he properly signalled a left turn before he was smacked by the Cossoy machine. Cossoy told police that he was in the process of passing the Thennes car before the left turn was signalled. Both cars were traveling west.

Damage to the two vehicles was estimated at \$150. No tickets were issued.

School Census Shows Decrease

The school population of Manistique has dropped from 1,406 in 1952 to 1,375 this year according to the 1953 census, it is reported by A. F. Hall, Manistique public school superintendent.

Enumerators during the 1953 count were Robert Berger and Mrs. Donald Dissinger. Census figures follow:

First precinct: 121 boys, 105 girls, total 226.
Second precinct: 226 boys, 239 girls, total 465.
Third precinct: 128 boys, 122 girls, total 250.
Fourth precinct: 255 boys, 209 girls, total 464.
Boys outnumber girls in the 1953 count, 700 to 675.

When "Central" was a boy

If you were a Michigan telephone subscriber 75 years ago this August, you enjoyed the distinction of being one of a select few. For only 53 customers were connected with Michigan's first telephone switchboard.

Early boards were crude affairs like the one above. Operators at first were boys, until it was discovered that women had "the voice with a smile" and were much more polite and attentive to subscribers.

In Detroit, where Michigan's first switchboard was located, a newspaper praised the telephone. "What a blessing! Everybody likes it! Everybody must have it!"

But few could, for at that time it took 32 hours' work for the average wage earner to earn enough to pay for a month's telephone service. Nowadays,

the average worker earns enough in 2 hours to pay for his telephone for a whole month.

While the real price of telephone service went down, its value multiplied. Now you can call and be called by lots more people—4 out of 5 homes in Michigan have telephones today and there are fifty million telephones in the nation. No longer must you shout to be heard, nor strain to listen. Even calls to faraway places speed through complicated switchboards in a matter of seconds.

And now in this 75th Anniversary year of Michigan's first switchboard, the effort to make your telephone service even better and more useful continues to go on without pause, bringing telephone customers more and bigger value for their telephone dollar.

CARD OF THANKS

We wish to express our heartfelt thanks to the many friends and neighbors who by their acts of kindness in the last illness and death of our husband and father, helped to lighten our burden of sorrow. Especially do we thank the Rev. Charles Daniels for his comforting words, the pallbearers, those who loaned cars, sent mass cards, and the many friends who sent floral offerings. We wish to thank the American Legion. We thank you all.

Ore Goal To Be Met With Ease

CLEVELAND (AP)—Lake freighters, shuttling up and down the Great Lakes at the fastest pace in history, have passed the halfway mark in their drive to haul 100,000,000 tons of iron ore in the 1953 shipping season.

The Lake Superior Iron Ore Association, reporting this today, said the vessels also set a one-month record when they moved 14,496,711 tons of ore in July. This tops by 108,086 tons the previous monthly record of 14,388,625, set last September.

With last month's total, the season's ore shipments add to 50,555,082 tons. It should be a cinch to meet the 100,000,000 goal by the time the navigation season ends, probably in mid-December.

The greatest one-year movement on record was 92,076,781 tons in the World War II year of 1942.

U.P. Golf Tournament To Open At Marquette

MARQUETTE — Practically all of the 21 clubs associated with the Upper Peninsula Golf Association will be represented when competition gets underway Thursday in the 39th annual U. P. Men's Golf Tournament.

Officials of the Marquette Golf and Country Club and Ishpeming's Wawonowin Golf Club, co-hosts for the tourney, said they anticipated a wide representation of players from throughout the Upper Peninsula, as well as from Ashland, Wis. and Sault Ste. Marie, Ontario.

A stronger than usual representation was expected from the Canadian Sault which is making a bid for next year's tournament.

In Top Shape
Both the Marquette and Ishpeming courses have been manicured carefully in preparation for the tournament in which approximately 125 golfers are expected to compete.

The tournament will be conducted under the United States Golf Association's "Rules of Golf." The qualifying round Thursday will be at 18 holes, and the championship flight will consist of the present champion (Elmer Swanson, Escanaba) and the 31 low qualifiers. The winning 16 of the first round matches will continue as the championship flight and the losing 16 automatically will become the first flight. The next 16 low qualifiers will be the second flight, and so on, until as many flights of 16 have been arranged as the number of entries will permit. Prizes to be awarded will be the same in all 16-man flights.

Senior Division
A senior division competition will be conducted in conjunction with the tournament. The entries will qualify at 18 holes, and the flights (to be designated "A," "B," etc.) will consist of eight players each, playing nine-hole matches.

The team championship of the association will be decided by the aggregate low scores of club teams (a captain and four other competitors) in the qualifying round. There is no limit to the number of teams that each club may enter, but they must be nominated before the start of the tournament.

The program actually will begin tonight (Wednesday) when the association's board of directors holds its annual meeting at the Marquette Golf and Country Club.

Dinner Thursday
After Thursday's qualifying round, the annual association dinner will be held at the Marquette club, beginning at 7:30 p. m.

Match play in all flights will start Friday at the Marquette and Ishpeming courses. Semi-finals will be played Saturday morning, with finals in all flights being held that afternoon, the championship flight finals being played on the Marquette course.

DEFENDING CHAMPION — Escanaba's Harry Hogan will be defending his Upper Peninsula men's golf championship in the tournament which opens tomorrow at Marquette. Hogan, Escanaba Country Club ace, won the 1952 U. P. crown by defeating a fellow townsman, Elmer Swanson, in the finals. Swanson, also an Escanaba Club member, will join the field at Marquette. Escanaba's Little League All Stars lost their first game in the district tournament at Stevens Point last week, but they have the distinction of being beaten by the eventual champions. Kenosha turned in a 6-1 victory over the Escanaba entry. Ted Kuroski pitched a two-hitter for the winners. Sunday Kenosha whipped Stevens Point, 6-0, for the championship with Kuroski firing a no-hitter. In the semifinals, Kenosha beat Wayzata, Minn., 6-2 in nine innings.

Paul Wiinikainen, who coached football and basketball at Bark River High School last year, has taken a position in a school in the Sault Ste. Marie area for this year. He'll coach football and basketball.

Announcement was made yesterday that Bill Hart, former track coach, would take over in football at Marquette High. And William Brady, former Monticello, Ill., mentor, has been hired as basketball coach. They succeed Stan Sosnowski who retired to take a principal's job downstate. The grid coaching job at Ishpeming has been filled by Lee Goodney, star Ishpeming athlete of the 1930s. Goodney comes from Romulus High, near Detroit.

The Escanaba Cubs were all set for yesterday's trip to Oshkosh to see a Wisconsin State League baseball game when weather reports (indicating rain) forced the trip to be postponed to Thursday. Oshkosh also has a home game slated tonight but it is completely sold out. That's why Thursday's scheduled game between the Cubs and their dads had to be moved up to this evening.

Yankees Cool Tigers With 15 To 0 Defeat

NEW YORK — The world champion New York Yankees did a 15-0 cooling-off job Tuesday night on Detroit's Tigers, who arrived in town billed as the American League's hottest club.

Brilliant pitching by Vic Raschi and 15 Yankee hits off four Detroit pitchers quickly cut the Tigers, winners of four straight over Boston, down to their seventh-place size.

But Manager Fred Hutchinson was ready to try to even things up today. He sent the Tigers' best Yankee-beater, southpaw Billy Hoef against the league leaders in the second of the three-game series.

Lost No Ground
Despite the wallowing Detroit lost no ground in its second-division standings fight. Sixth-place Philadelphia and last-place St. Louis also lost, so the Tigers remained five games behind the Athletics and 4½ games ahead of the Browns.

Raschi set a new major league record in the game here by personally driving in seven of the Yankee runs.

The New York righthander also won his ninth game against four losses. He singled with the bases loaded for two scores, doubled to clear the bases for three more RBIs, then socked another two-run single.

Boone Streak Snapped
Manager Casey Stengel lifted Vic in the sixth to save him for the weekend Chicago series.

Paschi had given only two hits up to that point, and Art Shallock, his successor, spaced out four more and preserved the shutout.

Detroit third baseman Ray Boone, who had hit safely in 11 consecutive games, went hitless in three official times at bat.

St. Thomas And Delta Frame Win

In Oldtimers League action last night St. Thomas posted a 14-4 victory over Clairmont with Mike Eucate tossing the win. Wink Curtis pitched for the losers.

Fife Smith limited St. Joe Boosters to four hits while notching a 12-4 win for Delta Frame. Paul Lequia was the loser.

Oldtimers games set for Friday will have St. Thomas playing Delta Frame at Dock Diamond at 7 and St. Joe meeting Clairmonts at Royce at 7.

Other games scheduled last night were rained out. The Gladstone Bungalow-Paper Mill game will not be rescheduled tonight at Gladstone as originally announced. Commissioner Paul Vardigan said today.

Discus Champ Sees Throw of 200 Feet

LOS ANGELES — Fortune Gordien, holder of the world's record in the discus throw now says somebody will stretch the record to more than 200 feet within a year.

"I wouldn't have thought that until I had 190 feet," the former University of Minnesota athlete said, "but now I can easily see 10 more feet."

Gordien's official record, set four years ago, is 186 feet 11 inches. His new mark up for approval this year is 190 7½.

Odds Against Golf Ace Are 8,103 to 1

ELMSFORD, N.Y. — The odds against a golfer getting a hole in one are 8,103 to 1, the New York World Telegram and Sun decided today.

The newspapers have been conducting an annual hole in one tournament for 20 years, and only 10 aces have been made. A total of 16,205 players have hit 81,205 shots.

The 10th ace was made Tuesday by James B. Lowrey, a New York advertising man.

Little League Game Tonight Postponed

Tonight's scheduled Little League game between Kiwanis and Rotary will not be played.

Managers of the teams are slated for action with the dads who play the Escanaba Cubs at the City Diamond at 6:30.

Cubs-Dads Game Set For Tonight, 6:45

The unique baseball clash between fathers and sons, originally slated tomorrow night, will be held this evening at 6:30 at the City Diamond, it was announced today by Al Ness, manager of the Escanaba Cubs.

The Cubs will meet their fathers on the baseball field for the first time this evening. Ness' team is a member of the Wauwau League and most of the players are recent graduates of the Escanaba Jaycee Little League. Many of them played on the 1951 state championship Little League team.

In action for the dads will be John Chriske, Bill Flath, Art Erickson, Lawrence Viau, Bert Goodreau, Lawrence Erickson, John Dubord, Cliff O'Donnell, John Cass, John Berrigan and Frank Bourke.

Their strongest lineup is ready to take the field for the Cubs. Seeing action will be Dick Cass, John Berrigan, Ricky Erickson, Allen Erickson, Tony Kutches, Cliff O'Donnell, Billy Goodreau, Frank Katrinski, Bob Dubord, Dave Viau and Bob Chriske.

Young Chriske will take over the chukking duties for the Cubs.

Fain Fined By Richards For Fist-Fight Fracas

PHILADELPHIA — Ferris Fain's cage fight Sunday night today cost the Chicago White Sox first baseman three days pay in a fine by Manager Paul Richards.

The fine, based on Fain's reported yearly salary of around \$30,000, would amount to about \$200 a day. It was based on Fain's inability to play in one game at Washington and the first two games of the series with the Athletics here.

Battle Injuries
Fain suffered a cut forehead, a skinned cheek and a bruised left hand, to be X-rayed today, in his tavern skirmish at Colmar Manor, Md., which brought a \$50,000 damage suit against the American League batting champion.

"I'll be ready to play against the Yankees Friday," Fain said, but Richards thinks he may be out longer. Fain has 20 days to file

Milokna Issues EHS Grid Call; Sked Opens Sept. 4

Football uniforms will be issued to Escanaba High School grid candidates at the field house this week by head coach Joe Milokna.

Milokna today advised all students who intend to play football this year to report for equipment before the end of this week. Uniforms will be distributed Thursday, Friday and Saturday.

Physical examinations will be given Monday and practice will begin early in the week. All practice sessions are slated for the Escanaba High School athletic field.

Gustafson Assistant
Milokna took over the football coaching reins at Escanaba last year for the first time. He came to EHS after coaching for one year at Kingsford High School. He will be assisted by Burt Gustafson.

son, head cage coach. The Eskymos will open the 1953 grid campaign on Sept. 4 with a trip to Sault Ste. Marie. The eight-game varsity slate will close Oct. 31 with Ironwood playing at the Escanaba athletic field.

Missing from the Escanaba schedule this year will be Norway, a grid foe for several years.

New Grid Foe
Escanaba will be facing a new opponent in Green Bay West, powerhouse of the Fox River Valley Conference, for the first time this season. Green Bay West will be here for the home opener Sept. 12. Next season the Eskymos will travel to Green Bay East.

The remaining games are renewals of last year's opponents. Besides Green Bay West, the Eskymos will make home stands against Menominee, Gladstone and Ironwood. Road games are at Soo, Kingsford, Iron Mountain and Marinette.

Junior varsity games will be played against Manistique, Menominee, Kingsford, Iron Mountain and Marinette. The complete schedule follows: Sept. 4—Soo there (night); Sept. 12—Green Bay West here; Sept. 26—Menominee here; Oct. 2—Kingsford there (night); Oct. 10—Iron Mountain there (day); Oct. 17—Marinette there (night); Oct. 24—Gladstone here; Oct. 31—Ironwood here.

Toledo Retains Edge In Association Race
(By The Associated Press)
Pace-setting Toledo maintained its two-game bulge over Louisville in the American Association baseball race today. But to stay in front the Sox had to come from behind in the last two innings Tuesday night to edge Kansas City, 7-6.

At Indianapolis, second-place Louisville had to go 11 innings before nipping the third-place Indians 6-5. The loss put Indianapolis three games back of the leader.

St. Paul nosed out Columbus 4-3, and Minneapolis swept a doubleheader from Charleston, 4-1, and 7-5.

City Softball Tournament To Get Under Way Thursday Night

THURSDAY NIGHT
Westby's vs. Kessler's, 6:45.
Harnischfeger vs. Hyde, 8.
Merchants vs. Dells, 9:15.
FRIDAY NIGHT
Neisner's vs. Anderson Brothers, 6:45.
White Birch vs. Bungalow, 8.
Hiway Tavern vs. Paper Mill, 9:15.

The annual city softball tournament will get under way at Memorial Field tomorrow night with six teams slated for action on the opening night.

The tournament is actually two tournaments in one. National League teams and American League teams will be in competition each night.

The National League championship game will be played Sunday night at 7, the American League title fray will be Sunday night at 8:30. The American League winner is crowned city champion, and the two leagues will not play off.

Commissioner Paul Vardigan said. Semifinal games will be played Sunday afternoon to set the stage for the title tilts. All games are

scheduled for Memorial Field. The Merchants, who played last season as the Dells, will be defending their city crown. Westby's is defending champion in the National League.

The tournament this year is being run off in advance of the district, U. P. and state tournaments which will get under way in mid-August.

Making a determined effort to win the U. P. team championship, an honor that has eluded the ever active Escanaba Highland Golf Club, the Highlanders will enter two teams in the U. P. Golf Association tournament which begins tomorrow at Marquette and Ishpeming.

On one team are Abe Milkovich, who has been hitting the ball better than ever this season, Gerry Harris, former Highland champion, Ronny Hirn and the dependable veteran, Moon Oberg. Another Highland team is composed of Jack Smith, Jim Douglas, Mel Manske and Swede Soderlund. Several Highlanders also will participate in the oldtimers' tourney held in conjunction with the official U. P. meet. Among them are Stan Ostman and Leo Brunelle.

The Escanaba Golf Club can not match this showing in numbers in the 1953 meet, but it has top quality — namely, Harry Hogan, the three-time defending titlist, and Elmer Swanson, two-time runnerup in the U. P. classic, and four other capable swingers. Defending its team championship, the Escanaba Golf Club quartet likely will consist of Hogan, Swanson, Jim Fitzharris and Leo Vinje. Tony Cass has definitely said he will not compete. It will be the first U. P. tourney Antonio has missed in many a moon.

Eighteen-hole qualifying rounds will be played tomorrow, alternating at Marquette and Ishpeming's Wawonowin course (next to the big Mather mine), and match play will continue through Saturday. Complete results of golfers competing from this area will be published on this page throughout the week.

The sad aftermath of the otherwise successful U. P. Junior Golf Tournament here July 9, the declared ineligibility of Bill LeMire Jr. and David Hirn, will come to the attention of the full MHSAA executive committee in Lansing the third week in August. Charles E. Forsythe, MHSAA director, has assured Escanaba school officials and tournament sponsors that he would call a meeting at that time so that a ruling can be made before the school grid season.

Incidentally, the U. P. junior team averaged 40.5 per nine-hole round in tying Lansing for fourth in its first state tournament. It had a 41.5 average in the U. P. meet. That's a remarkably fine showing in state play, considering that 26 cities were represented. Bill LeMire Jr. had rounds of 38-39-39-38 for his 154 that missed qualifying for the national tourney in Ann Arbor Aug. 17 by only four strokes. Both David Hirn, Escanaba, and Grant Burnett, Soo, bettered the score of Joe Pesavento, Iron Mountain, at Midland, but they were not members of the four-man team.

T. P. "Pat" Dooley, whose infectious smile graces the column today, is rated one of the Escanaba Golf Club's most improved golfers of the past two years. His forays into the forties are now legend, according to Chet Morton, self-appointed official photographer of the annual Mudjokeevis open tournament (wide open). Juel Lee, who won the U. P. Oldtimers tournament about four years ago, was among those competing in Highland's very successful Oldtimers meet here last Saturday. Asked by Harry Hogan why his name wasn't in headlines in Monday's paper, Lee replied jokingly: "Well, I suppose if my name was Hogan it would have been all over the page!"

Speaking of Mudjokeevis, Harry Needham says he's going to do something about Chet Morton's handicap before next year's tournament. Chet was low with a net 70. "If you haven't seen Morton's Mudjokeevis pictures yet, just let it go!" Lee "Bulgy" Hendricks, who took a lot of kidding for not finishing a round the first day, gave the boys something to look at when he shot a 39 the second day.

Glad to see Gladstone get the 1954 U. P. women's tourney. Gladstone has one of the finest natural layouts in the country. Among good scores at Manistique are Frank Hoholik's 43, John Kasun's 42, Bud Malloy's 38, Morrie Ekberg's 39 and 40s by Kasun and Phil Villemure. Dr. C. F. Anderson, former Manistique golfer now residing in Mt. Pleasant, recently played the beautiful Indian Lake course.

Robin Roberts Wins 19th

By THE ASSOCIATED PRESS
Robin Roberts is running on a schedule that could make him the young Philadelphia pitcher the major leagues' first 30-game winner in 19 seasons.
The strong-armed right-hander, who won 28 and lost 7 last year, won his 19th game Tuesday night, a five-hit 8-1 victory over the St. Louis Cardinals. He's lost seven. At this same point a year ago he had a 16-6 record.
The last 30-game winner was Dizzy Dean back in 1934.
Fanned Seven Men
Back-to-back doubles by Stan Musial and Enos Slaughter produced a St. Louis run in the first inning, but from then on it was all Roberts. He struck out seven and walked two.
By winning, the Phils pulled a game and a half ahead of the fourth-place Cardinals.

Pittsburgh edged Cincinnati 2-1 and Chicago pasted another defeat on the stumbling New York Giants 5-3. League-leading Brooklyn was idled by rain in Milwaukee.
In the American League the "haves" beat the "have nots" in four battles between first and second division teams.
Red Sox Win
The New York Yankees crushed Detroit 15-0. Chicago whipped Philadelphia 8-3. Cleveland defeated Washington 3-0, and Boston broke an eight-game losing streak, beating St. Louis 6-2.
The Yankees lead Chicago by five games and Cleveland by 7 1/2. Vic Raschi broke a major league batting record for pitchers when he drove in seven of New York runs. With the bases loaded on each of his first three trips to the plate, Raschi delivered two runners in the second inning with a

single, three in the third with a double and two more in the fourth with another single.
Chuck Stobbs of the Senators held Cleveland to five hits but the Indians managed to bunch three of these in the eighth inning to score all of their runs. Mike Garcia posted victory No. 13. He, too, gave up five safeties.
Trucks Cops Ninth
The Chicago White Sox, who had succumbed to the A's 10 times in 15 meetings, exploded for six runs in the fourth inning. Virgil Trucks won his ninth game since joining Chicago with a four-hit performance.
Boston came from behind in the eighth to trim the Browns. Floyd Baker, who once played for St. Louis, doubled with the bases loaded during the rally that gave Maury McDermott his 11th victory.

The Pirates' victory at Cincinnati ended a four-game winning streak for the Redlegs. Danny O'Connell tripled home the two Pittsburgh runs in the eighth.
Clyde McCullough hit a home run for the Cubs and Monte Irvin hit one for the Giants. Sal Maglie drew the New York loss, seventh in nine games for the Giants on the current Western road trip.

Name Golfers To Ryder Cup Team

CHICAGO (AP)—Only four hold-over golfers from the previous squad have been named to the Ryder Cup team which will represent the United States against Great Britain in the 1953 matches at Wentworth, Eng., Oct. 2-3.
The 10-man U. S. team named Tuesday by the Professional Golfers' Association of America includes:
Jim Turnesa and Walter Burkemo, automatically selected as winners of the 1952 and 1953 PGA championships; Sam Snead, Lloyd Mangrum, Dave Douglas, Jack Burke Jr., Ed (Porky) Oliver, Cary Middlecoff, Fred Haas Jr., and Ted Krohl.
Ben Hogan, who grabbed the British and U. S. Opens in 1953, and E. J. (Dutch) Harrison, ranked eighth and ninth respectively in Ryder Cup competition for the year, were eligible for the squad, but declined the bid to make the trip.
Only Snead and Mangrum were on the U. S. squad which last met England in 1949, and Snead, Burke, Oliver and Mangrum were the only holdovers from the last Ryder Cup unit which competed at Pinehurst, N.C. in 1951.

Texas Golfer Leads In Junior Tourney

DETROIT (AP)—A one-under-par card of 70 gave 17-year-old Rex Baxter of Amarillo, Tex., a three-stroke lead as the Hearst National Junior Golf tournament went into its second round today.
Baxter won the U. S. Golf Association's junior crown at Tulsa, Okla., last week.
Detroit's Steve Uzelak turned in a 40-33-73. Lloyd Syron of Pontiac, the other Michigan golfer in the competition, had a 76.

Arlene Green Is Bride On July 25 Of Gerald Olson

Miss Arlene Green, daughter of Mrs. Ina Green and the late William Green, Gladstone, and Gerald Olson, son of Werner A. Olson, Milwaukee and Mrs. Margaret Olson, Green Bay, formerly of Escanaba, were united in marriage on Saturday, July 25, at San Antonio, Texas.
The marriage was solemnized in Ascension Ev. Lutheran church by the Rev. Leslie A. F. Carlson, formerly of the Soo. It was a double ring candlelight service.
Attending the couple were Mr. and Mrs. Charles R. Swain of San Antonio, Texas, close friends of the bridegroom.
The bride was charming in a gown of white pique and lace with gored skirt and rhinestone trim. She wore a picture hat and rhinestone necklace and earrings and her corsage was an orchid.
Following the ceremony there was a wedding dinner at Billy's restaurant in the Billy Mitchell Village outside San Antonio.
The bride is a graduate of Gladstone High School, Class of 1953. The bridegroom is a graduate of Escanaba High School, Class of '52, and is stationed at Fort Sam Houston, San Antonio, as a chaplain's assistant.
The couple will be at home at 300-A Queen Ann Court, San Antonio, Tex.

Gladstone Will Build Own Generating Plant

The Gladstone City Commission in special meeting this week voted to go ahead with construction of an electric generating plant to serve this city's needs.
The commission also acted to engage the firm of Pfeifer and Schultz, Minneapolis, engineering firm which made the electric survey for Gladstone, to the engineering on the project.
The engineering firm will start immediately preparing plans and specifications of the plant and they probably will be ready for presentation at the meeting of the commission on Monday, Aug. 24.
Bids on the necessary equipment will then be sought with 30 days allowed for their receipt. This would mean that bids could be considered by the end of September.
Prepare Bond Sale
In the meantime, Allison and Williams, Minneapolis, fiscal agents for the city, will prepare a brochure on the bonds to be used in connection with the sale of the mortgage revenue issue.
Time of the sale of the bonds will be dependent on the market and is to be when most advantageous to the city, it was declared.
It was pointed out that it will be about a year before the city will need any of the money so that will allow selection of the best time to sell the bonds.
Pfeifer and Schultz, following their local survey, recommended construction of a 6,000 KW plant with two 3,000 steam turbine type units. This they believed sufficient for current needs as well as anticipated expansion over the next 25 years. Construction is proposed close to the water plant at the east end of the city close to an adequate and nearby supply of water for cooling purposes.
Cost of the proposed plant is estimated at \$2,200,000 and is to be financed through sale of mortgage revenue bonds which are a lien against the earnings of the plant but not the plant itself.
The engineers estimate the plant can be amortized in a 20 years period and provide the city with fair earnings in the meantime.
Authorization of the issuance of bonds for the construction was approved at a special election in June.
Immediate action on the Gladstone plant had been held in abeyance following the election at the request of Wynand Nieuwenkamp, manager of the Alger-Delta Cooperative Electric Association, which is seeking a loan for purposes of building a generating plant in this area and is interested in having the City of Gladstone as a wholesale customer.
Nieuwenkamp previously had indicated the belief that approval of the loan application would be forthcoming from the REA by August 1 and the city withheld action and set August 3 for a special meeting and requested that a definite rate contract approved by the REA be presented, for consideration of the commission by that date.

Non-Title Bout For Gavilan Called Off

PHILADELPHIA (AP)—A 10-round non-title match between welterweight champion Kid Gavilan and local middleweight Joey Giardello, scheduled for Aug. 10 in Connie Mack Stadium, has been cancelled.
Promoter Herman Taylor announced the cancellation Tuesday night after Gavilan's manager, Angel Lopez, refused to consider another postponement. Giardello said Monday that he had hurt his elbow in training and asked that the over-the-weight fight be put off until the following week.
Earlier, Giardello got a cut's delay when he insisted a cut on his left cheekbone, suffered in defeating Ernie Durando, hadn't entirely healed.

Filibuster Threat Faces St. Lawrence Waterway Project

WASHINGTON (AP)—The controversial St. Lawrence Seaway project will have "a very high priority" at the next session of Congress but faces the threat of a filibuster.

Sen. Knowland of California, acting Republican floor leader, told Sen. Ferguson (R-Mich.) just before Congress adjourned Monday night that the bill providing for U. S. participation with Canada in construction of the project would have "a very high priority" at the next session.

Early Debate Favored
The Californian also added that if Congress should return for a special session in the fall, the bill which would link Great Lakes

ports with the Atlantic Ocean "might well be taken up then." However, Sen. Butler (R-Md.), an outspoken foe of the seaway, declared that bringing the measure up at the next session would be "unwise" and he threatened a filibuster against it.

Knowland, however, said it would be better to call the seaway bill up for early debate rather than wait until later when the Senate calendar was crowded.

And as far as the filibuster threat, he said that issue would be met when and if it should arise.

Opposed By Railroads
The seaway bill has long been a bone of contention in both the House and Senate. During the past year it has been given lengthy consideration in committee hearings.

Main opposition to the Atlantic-Great Lakes link has come from railroads, Eastern seaboard commercial centers and ports along the Gulf coast.

Supporters of the Seaway come mostly from the Midwest where manufacturing and business leaders say it would provide cheaper transportation of goods and aid the military in event of another war.
